Tribal Department: Natural Resources

Employee Classification: Non-Exempt

Job Summary: The fish technician, as a member of a crew, will be responsible for the assembly, operation and maintenance of floating juvenile salmon traps on the Skykomish and Snoqualmie Rivers. The position requires maintaining daily logs of fishing times, catch and river conditions. The data that is collected during trapping will be used to quantify juvenile Chinook and Coho abundance within the Snohomish Watershed. Must be able to work long flexible hours including nights and have the ability to tolerate cold weather and harsh/difficult working conditions. This is a temporary four month position.

Employee Reports To: Fish and Water Resources Scientist

Extent of Job Authority: Performs duties in accordance with the Tulalip Tribes Policies and Procedures.

Specific Duties Performed:

1. Assembly and maintenance (e.g. cleaning lubrication etc.) of juvenile salmon trap.
2. Assists in collection and processing of trap catch.
3. Measure and mark hatchery fish for trap efficiency tests.
4. Measure and mark hatchery fish for trap efficiency tests.
5. Record catches by species, conditions, fishing times and maintain a daily log of activities.
6. Assists in the measurement of channel depth, width, and turbidity conditions.
7. Operate a skiff and outboard.

8. Work as a team with others assigned to the project.
9. Inform visitors about project.
10. Ensure that safety procedures are adhered to during field sampling.
11. Performs other duties as deemed necessary.

Term of Employment: Must be able to work a flexible schedule including nights, evenings and weekends. This position requires 40 hours per week or less. This is a temporary four month position.

Pay Range: \$13.35- \$14.72 Per Hour (DOE)

Opening Date: January 29,2007

Closing Date: February 9,2007

Please return your completed application with required attachments, by the closing date and time, to the Tulalip Tribes Employment Office, located at 6103 31st Avenue N.E. Tulalip, WA 98271.
